1. Purposes of School Councils

- 1.1 The director of education believes that relationships between schools and their communities can be enhanced through the establishment of local School Councils. The School Councils serve as an ongoing mechanism for effective communication and consultation among system leaders, the staff in each school, the school community, the board and the Ministry of Education.
- 1.2 The mandate of the School Council is to give advice and report recommendations to the school administration and, on occasion, to the director of education and the board, relating to matters affecting the school.
- 1.3 The main purposes of School Councils are as follows:
 - 1.3.1 To promote student academic success;
 - 1.3.2 To increase parental involvement in schools to promote greater understanding of the education process;
 - 1.3.3 To enhance the accountability of the education system;

- 12.2 Also, at the first meeting each year, the School Council shall elect a vice-chair and a secretary who are not board employees. School councils have found it to be an effective practice for the vice-chair to succeed to the chair position, having had experience beneficial to the role, and this should be addressed in the constitution.
- 12.3 The School Council will prepare and publicize a set of operational bylaws that guide its activities (i.e., constitution).

16. School Council Members Code of Conduct

16.1 School Council Commitments

School Councils in Avon Maitland District School Board commit themselves to:

- a) Involve parents and to create an aware and informed community;
- b) Practice integrity and honesty at all times in words and actions;
- c) Respect others—their ideas, opinions and suggestions;
- d) Support the group in achieving stated goals and action plans;
- e) Co-operate, communicate, and be willing to compromise;
- f) Achieve a consensus;
- g) Show courtesy to all;
- h) Discuss one matter at a time;
- i) Honor the principles of democracy;
- j) Develop skills in problem-solving and conflict resolution;
- k) Agree on the ground rules for conflict resolution;
- l) Remember the overall purpose of the School Council, which is to give the principal and Avon Maitland District School Board advice when and where appropriate, on matters which improve the school and its services;
- m) Work in harmony with other parent organizations (e.g. Home and School Associations);
- n) Respect the powers and duties reserved by laws or regulations for the local board, the director of education, the principal and the collective agreements; (These areas cannot be part of the School Council's mandate) and
- o) Promote excellence.

16.2 Protocol for Decision-Making

School Councils operate under the following understandings:

- a) Every School Council shall be advisory in nature.
- b) Every attempt should be made to reach consensus.
- c) Consensus is a form of group decision-making based on the willingness to consent and support, rather than having a winning and losing side by voting. Consensus is reached when all members of the School Council are willing to accept and support an idea or concept as the best choice for the entire School Council—keeping in mind that students come first. It allows ownership of ideas by all School Council members.
- d) Consensus is a decision process for resolving conflicts. Consensus may be difficult to reach, as not every decision will meet with everyone's complete approval.
- e) Consensus is finding a proposal acceptable enough that all members can support it; no member opposes it.
- f) Consensus is not a unanimous vote, because a consensus may not represent everyone's first priorities.
- g) Consensus is not a majority vote, because in a majority vote, only the majority gets something they are happy with; people in the minority may get something they don't want at all, which is not what consensus is all about.
- h) Consensus does not mean that everyone is totally satisfied.
- i) Consensus requires time, the active participation of all group members, skills in communication (listening, conflict resolution, discussion facilitation), creative thinking and open-mindedness.

16.3 Steps in Building Group Consensus

The steps in building consensus are outlined as follows:

- a) The facilitator clarifies the task ahead, member roles needed, and the consensus process.
- b) Each person states views and perspectives while others listen. No solutions are suggested at this point.
- c) Everyone helps the group find common ground and areas of disagreement.
- d) Volunteers offer solutions incorporating the viewpoints that have been heard.
- e) Everyone helps weigh pros and cons of each solution proposed.
- f) New solutions, variations of those on the table, and other fresh insights are offered and discussed.
- g) The facilitator elicits consensus from each group member about the most promising solution, asking each, "Can you live with this?" [If 100% of the members are not in agreement, the group takes a break and then begins anew with Step # (c).]

16.4 Code of Ethics for School Council Members

16.4.1 *As partners in Avon Maitland District School Board, we will seek truth, be honest, show compassion and maintain confidentiality. We will achieve these ideals by:*

- a) *Respecting ourselves and others;*
- b) *Caring for property; and*
- c) *Being active citizens of our school community and beyond.*

16.4.2 *We will commit ourselves to balancing the needs of the whole community with the needs of the individual. In doing so, we will be accountable for our decisions and actions.*

16.5 Mission Statement for School Councils

The board's mission statement is "Engage, Inspire, Innovate...Always Learning." Individual School Councils may wish to develop a mission statement specific to the operation and function of the School Council, provided that it does not conflict with the board's mission statement.

17. Media Relations for School Councils

17.1 Reporters are attracted to stories with a human angle, events with a twist, or with colour. What may seem important to School Council members may not be considered of importance to a reporter. The council must hook the reporter's interest with proper presentation and an interesting story angle.

17.2 Council members, in consultation with the principal, can ask these questions to determine if a story is newsworthy:

- a) Is it an interesting event?
- b) Does it have mass appeal?
- c) Who are the media contacts?
- d) What is the best method of contact?

17.3 It is important to develop local knowledge. Which newspapers serve the school community? Which radio stations or television stations would be interested in happenings at the school?

17.4 **School Council members can plan strategic messages by:**

- a) Analyzing the key facts;
- b) Combining facts into short sentences;
- c) Practicing for an announcement or interview;
- d) Repeating strategic messages—for example, about the time and place of a special event;
- e) Reinforcing the positive news about school events or achievements.

17.5 The principal of the school should always be designated as the first contact when members of the news media are seeking information about the school or school event. However, the School Council chair is also considered an important media contact and should maintain a strong communication link with the principal for purposes of contacting and being contacted by members of the news media about special events in the school. If a School Council member is unable to answer a reporter's question about a school event, or considers the question more appropriate for the principal, the council member should indicate that the principal will provide the answer.

17.6 School Council members should not complain if a particular story or photo does not make it to print or broadcast. It is more positive to think forward to the next event and how to develop a more appealing presentation to the media.

18. Annual School Council Newsletter

18.1 Report of Activities

18.1.1 All School Councils must produce a brief report of their activities for the school year, as required by the Ministry of Education under *Regulation 612/00, School Councils*. Section 24 reads: "Every school council shall annually submit a written report on its activities to the principal of the school and to the board that established the council."

18.1.2 The Director's Office coordinates the compilation of these reports into an annual School Council Newsletter, which will provide useful information about, and ideas for, School Council activities around the district.

18.2 **The Process**

School Councils are requested to submit, electronically, reports of up to 500 words (half a page) to the Communications Office by June 1 each year using the First Class e-mail system. Photos of school activities may also be included using either a "jpeg" or "gif" file format. School logos may also be included. All submissions will be edited if they exceed the space available.

18.3 **Content of the Report**

18.3.1 Goals for the school year (action plans);

18.3.2 Major initiatives of the School Council (i.e. school/community communication strategies; partnership development with other sectors of the community, etc.);

18.3.3 Notable School Council achievements, e.g. ideas/actions that have worked well and that others may wish to try; and/or

18.3.4 Items of general interest.

19. **School Council Internal Conflict Resolution Guideline**

19.1 **Preamble**

The mandate of School Council is to give advice, make recommendations and report to the school administration and, on occasion, to the board, about matters affecting the school. The goal of each School Council should be to improve education for students of the school.

Members of School Councils are expected to respect and honour the Code of Ethics as set out in Section 16.4 above.

19.2 **Procedures for Resolution**

The success of School Councils depends, to a considerable degree, on all members (parents, principal, teachers, and community) working together for the betterment of the students. The key is the person chairing a meeting, working closely with the principal. If, for some reason, an issue arises which is not resolved to the mutual satisfaction of those concerned, the person chairing can help resolve the issue by applying the following strategies:

- a) Remaining calm and not over-reacting. Over-reaction escalates the conflict and does not resolve it.
- b) Listening openly and effectively to hear what others are saying.
- c) Trying to understand different points of view, concerns and frustration.
- d) Encouraging the complainant to provide factual information. If all the information is not available, the complainant should be encouraged to provide it for the next meeting.
- e) Ensuring that the School Council decides who will deal with the situation or problem, not the complainant. Make it clear that the findings will be reported back to the School Council.
- f) Discussing possible solutions and assuring the complainant that his/her concerns will be addressed.
- g) Summarizing what will happen next and ensuring it is in accord with established School Council practices.
- h) Advising the complainant in writing as soon as the information is available.
- i) Ensuring that personal matters are NOT discussed. Libel laws apply in School Councils as they do anywhere else.

19.3 **More Difficult Situations**

The majority of concerns should be resolved through the use of these suggestions. There are times, however, when more difficult situations arise. Such situations could be:

- 19.3.1 Conflict between School Council members;
- 19.3.2 School Council members not fulfilling their responsibilities as defined by the School Council constitution;
- 19.3.3 Someone consistently undermining the work of the School Council through such counterproductive behaviour as aggression, belittling others or failing to follow established procedures or protocols; or
- 19.3.4 Someone failing to comply with Avon Maitland District School Board Code of Ethics or the director's administrative procedures related to Ontario Schools Code of Conduct.

19.4 If, after repeated attempts to deal with a consistently difficult person, the problem is still not resolved, the chair may call a closed meeting. A closed meeting may be called by the School Council chair, or will be called by the chair at the request of two other members. Only School Council members and others involved in the dispute are present at a closed meeting. To avoid bias or the appearance of bias, it is essential that there be no conflict of interest between the person chairing the meeting and the person or persons in conflict. Where a conflict exists or appears to exist with the chair, another member of the School Council, or an impartial external mediator, shall chair the meeting. In this latter case, the outside chair should be someone not involved in the school or educational system unless otherwise agreed upon by the parties to the dispute. Mediators may be regional representatives, clergy, municipal officials, or persons trained in mediation.

19.5 Other options available to the School Council include, in rare and specific instances:

- 19.5.1 Requesting the principal to issue a trespass notice, which effectively bans an individual from meetings if he or she does not respect the decorum and procedures established by the School Council; or
- 19.5.2 Referral to the police with a request to lay a charge of disturbance of the peace under the Criminal Code when appropriate.

19.6 **Closed Meeting Format**

19.6.1 At a closed meeting it is understood that:

- a) All information presented is confidential and must not be repeated outside of the meeting;
- b) All information presented must be factual;
- c) All persons involved in the dispute must be invited; and
- d) The person chosen as secretary for the meeting is responsible for producing a true copy of the minutes.

19.6.2 The secretary will record minutes but will not circulate them outside of the meeting. The secretary will ask all present to read the minutes prior to leaving the meeting and request approval for the minutes. Participants will be asked to sign the minutes indicating they have read them. The minutes record who was at the meeting and reports that they have read the minutes as approved by the meeting.

19.6.3 All involved in the dispute must be advised of the agenda, meeting date and time by letter from those calling the meeting. All participants must understand that decisions are final i.e. that the School Council is acting within its own jurisdiction and that there is no appeal procedure.

- 19.6.4 Prior to beginning the meeting, the person chairing the meeting must clarify the procedure to be followed during the meeting. The person chairing the meeting should ensure that all the facts are presented. The School Council, as represented at the meeting, will determine what action it wishes to take. This decision shall be carried by a simple majority.
- 19.6.5 The person chairing the meeting will advise the disputants, in writing, of the outcome of the meeting and the decision of the school council.
- 19.6.6 The secretary of the meeting will respect the confidentiality of the meeting and ensure the safekeeping of the minutes in a manner similar to that for other school records.
- 19.6.7 Members of the School Council participating in such a meeting may be subject to criticism for the decisions they make, but they are expected to act in the best interests of the school and its students.

This guideline is intended to provide School Councils with advice for dealing with situations where conflict among members or arising from one or more individuals interferes with the successful operation of the school council as it attempts to fulfill its mandate as directed by Regulation 612/00.

THE SCHOOL COUNCIL CONSTITUTION

Each of the elementary and secondary schools in Avon Maitland District School Board will have a School Council constitution. The following Articles shall appear in all such Constitutions.

It is, however, recognized and appreciated that each school is unique with specific needs and interests. Therefore, although the following Articles must be a part of each School Council constitution, schools are encouraged to add points, as they pertain to their individual schools and their communities, where deemed necessary and appropriate. Copies of each School Council's constitution shall be available in the school as well as on file centrally at the Education Centre (administration office).

SCHOOL COUNCIL FUND-RAISING

The following checklist is provided for principals to use with School Councils, which are raising money via various School Council fund-raising activities. The following are guidelines and rules that must be followed.

These guidelines are taken from *Ontario Regulation 612/00 - School Councils*, from this administrative procedure, and the following administrative procedures: Administrative Procedure 116 Community Access to Schools and Sites; AP 321 Fund-Raising; AP 322 Partnerships and Advertising in Schools; and AP 513 Accounts: School Generated Funds.

1. Constitution

Each of the elementary and secondary schools in Avon Maitland District School Board will have a School Council constitution as described in Appendix A. Fund-raising, Accounting/Auditing and Liability are three of the articles that must be a part of each School Council constitution.

2. Accountability

2.1 Minutes of Meetings

School Council shall keep minutes of all of its meetings and records of all of its financial transactions. The minutes and records shall be available at the school for examination without charge by any person. This does not apply to minutes and records that are more than four years old. (*Ontario Regulation 612/00 and AP 113*)

The minutes and records shall be available at the school for examination without charge by any person. (*Ontario Regulation 612/00 and AP 113*)

2.2 Annual Report

Every School Council shall annually submit a written report on its activities to the principal of that school and to the board that established the council. (*O. Reg. 612/00 and AP 113*)

If the School Council engages in fund-raising activities, the annual report shall include a report on those activities. (*O. Reg. 612/00 and AP 113*)

2.3 Use/Allocation of Funds Raised

When school, parent and/or board organizations approach the general public for financial assistance of approved school projects, the director of education and board believes the maintenance of good public relations with the community must be a prime requisite of any such fund-raising project. (Administrative Procedure 321) School Councils are eligible to obtain lottery licenses for fundraising activities such as raffles. These lottery proceeds cannot be used to purchase something that would be provided by the Ministry of Education (e.g. textbooks). The proceeds may fund such things as co-curricular activities and field trips. If the proceeds are used to fund assets, the School Council must give these assets to the school "in trust".

All school fund-raising projects must be approved by the principal in consultation with the supervisory official designated by the director of education. (AP 321)

2.4 Purpose-specific Funds

Each school shall have an annual fund-raising plan and announce it to the school community. Each fund-raising group will set clear goals for the fund-raising project before beginning fund-raising activities. (AP 321 and AP 513)

The procedures, as described in Administrative Procedure 513, provide the criteria for the administration of school generated funds. These procedures also apply to organizations such as Parent-Teacher Associations, School Councils, etc. where staff or students are vehicles to the establishment of these funds.

2.5 Internal Controls

The internal control practices, which shall be implemented as per AP 513, include:

- a) **Separation of duties** for collection, recording, disbursing and reconciling funds;
- b) Proper documentation of all transactions;
- c) Physical safeguarding of assets;
- d) Proper approvals for the distribution of funds;
- e) **Two signing authorities on all transactions;** and
- f) Independent checks **and periodic reports** on the operations of the various funds.
