Spirit	The school spirit of a school and the larger school community (parents, teachers, student, staff and the greater community) is what makes a school. Without school spirit, a school is just a building.
22.	Wallace Westdale	These two words incorporate the location (West of Listowel, in the former Wallace Ward). It is a name that distinguished, yet obviously connected to the existing Eastdale School. The shortened 'Westdale' would be difficult to confuse with 'Eastdale' as their relative locations are in the name. In a few decades it will be hard to tell which school is 'new', but East and West will endure. Of additional significance is that by including Wallace in the name, each of the historical municipalities in Perth will have a school named for them.	Westdale...

To combine the two names of the current schools (my kids idea)
63.	North Perth Community Public School	I feel that the new school name should firstly identify its location.
