## Educational Support Diploma Program

**Obtain your Educational Support  
Diploma while you work.**

**Where:** Stratford Campus

**When:** Saturdays & one evening per week

The Educational Support program will prepare graduates to work effectively with learners of all ages with exceptionalities. Through this program, students will develop a variety of educational interventions and techniques that will allow them to become contributing members of an educational team working with learners with exceptionalities. They will experience real-life opportunities that connect theory and practice through in-class projects and engaging and meaningful practice placements.
