

February 19, 2018

Dear Families,

The Avon Maitland District School Board values an on-going commitment to work with our families and community partners to make the school day as seamless as possible. As part of this commitment, families provided valuable information by completing the Before-and-After School Program Survey in November. The information has been compiled. The attached chart shows the school communities that indicated sufficient interest in before-and-after school programs to facilitate the start of the formal registration process.

The table indicates that some schools did not reach the required threshold necessary to offer before-and-after school programs or extended-day programs.

School communities that demonstrated sufficient interest will be contacted by a third party provider via advertisements, telephone, email, or through school newsletters to advertise in the upcoming weeks to provide details about formal registration for before-and-after care programs.

In cooperation with our third party providers, we are asking families interested in before-and-after school programs to please complete the formal registration process. The registration is intended for implementation in September 2018. In the event that registration numbers fall short of requirements to support sustainable programs, families will be notified in early spring in order to allow time for them to make alternate arrangements.

Please note that costs vary according to provider and have been provided as a general overview. Costs are subject to change. In the event that a third party provider ceases operation during the school year and a suitable replacement cannot be obtained, Avon Maitland District School Board will offer a replacement extended-day program at the board determined cost of \$34.50.

If families have any questions about before-and-after school programs, please call 519-527-0111 or 1-800-592-5437, extension 205 for Laurel Mitchell, Facilities Officer; or extension 127 for Adrienne Jacques, System Vice-Principal of Program.

Sincerely,

A handwritten signature in blue ink that reads 'Jane Morris'.

Jane Morris
Superintendent of Program
